

International Student Program

London Christian Academy offers an international student program in order to accomplish the following purposes:

1. Provide Christian Education for families/students who are not Canadian citizens but are looking to attend school in Canada on a student visa.
2. Provide an English immersion experience for interested families/students.
3. Provide students of LCA families with exposure to different cultures of the World.

International students are integrated into the regular classroom as much as possible but are excused from regular class for approximately three hours each week for English Literacy Development (ELD). ELD classes are provided by a qualified ELD instructor in either individual or small group settings.

All of our regular classroom teachers are Ontario certified, Christian teachers. All subject areas are taught with an integrated, Christian perspective. The guidance, discipline and behavioral expectations are also provided from a Christian perspective. We, at LCA, seek to work in unity with the home to train up our children in godly character, to encourage them towards a growing personal relationship with Jesus Christ, and to equip them for obedience and service in His Kingdom. The foundational purpose of our school is to offer Christ-centred education providing a solid foundation for life.

In addition to these fundamental goals, LCA offers a strong academic program as well as a diverse extracurricular program. Our extracurricular program offers students opportunities to develop skills and interests in a variety of fine arts programs, individual and team sports as well as special interest clubs.

If you are interested in finding out more about our international student program, please contact our international student coordinator through the contact information below.
